Mr. Iacofano stated that Charleston County School District representatives were supposed to be present and provide an update to committee; however, it will be rescheduled until the next Education Committee Meeting. He stated that the Education Committee is looking at a pro-active approach to provide a platform of communication to receive regular updates from CCSD. He said our young citizens attend CCSD schools and the CCSD schools are within the Town limits, so he would like to ensure that the Town is providing an opportunity to be a voice for the citizens and the schools. He said the Town Administrator does communicate with CCSD; however, he would like to know what the Town and the elected body is able to do, to provide information to the citizens or from the citizens to CCSD. He said he is aware that the Town

would like to enhance culture and arts and the plan is to meet more frequently with CCSD to enhance the communication.
