

Ms. Corley asked if the Human Resources Committee may be provided with some documentation prior to the March Committee timeframe in order to be prepared.

Mr. DeMoura responded in the affirmative. He said that he plans to reach out to the Human Resources Committee members and share the information.

Mr. Rambo asked if it would be necessary for the Budget Committee to meet sooner and if the adjustments may potentially affect other areas or priorities of the budget.

Mr. DeMoura stated that as of today, staff believes that a compensation package may be presented to this Committee that fits into the area that staff would normally set aside for compensation. He said that staff does not believe there will be a negative impact to any other priorities of Council.

5. Adjourn

There being no further business, Committee adjourned at 10:23 a.m.

Respectfully submitted,
Barbara Ashe MacDonal
